Class scrreprt Warning: \float@addtolists detected! Implementation of \float@addtolist became deprecated in KOMA-Script v3.01 2008/11/14 and has been replaced by several more flexible features of package `tocbasic`. Since Version 3.12 support for deprecated \float@addtolist interface has been restricted to only some of the KOMA-Script features and been removed from others. Loading of package `scrhack' may help to avoid this warning, if you are using a a package that still implements the deprecated \float@addtolist interface .
